

## New York State Morgan Horse Society Dressage Presents:

# Michelle LaBarre Clinic

May 7-8, 2011

Finger Lakes Morgans..... Bath , NY

Having studied in Karlsruhe, Germany with Herr Egon von Neindorff as a working student, Michelle learned the importance of having a correct riding position, the dynamic nature of contact and how critical swift and well-timed aids are. Overall, she works with the horse and rider to develop a better understanding of the Training Scale. Michelle is known for her consistent and knowledgeable training, so take advantage of this unique, pre-show season opportunity to fine tune all your leg-yields, twenty meter circles, and half-halts.
