Show season is here and everyone has been off and running! Start with the PHA Show, April 29-May 2. Mr. and Mrs. Bill Roesch's Fiddler's Curtain Call took top honors winning all of his classes and finishing with the Stake under the excellent hands of Gill Carr. He won the Open Park Saddle, Open Park Harness, Amateur Park Morgan and the Park Championship. Janic Murphy again did herself proud with Fiddler's Carousel winning the Pleas-

ure Championship. Bitsy Plumpton, on B-L Enchantact, won the Pleasure Saddle Morgan Class taking a second in the Championship.

Saddleback Farm, Inc., hosted the Morgan Horse Clinic on May 22. An excellent day, excellent people, excellent facilities, and most of all, excellent Morgans made this third Morgan Horse Clinic a gratifying and outstanding experience. Jeanne and Fred Herrick showed Applevale Donalect to the people and roused all kinds of emotion. So thrilling to see a beautiful horse work like that! Lester Rockwell is to be thanked for all the work that he puts in. When the people go through the marvelous stable and grounds, it is an incentive for us all to check out our own surroundings. We thank you, Mr. Appley for giving us this fine opportunity.

Mr. Vanorio deserves a paragraph all by himself. We are in his debt, for those 3 fine clinics which were conducted at the highest level. It is one thing to watch shows and an other to try and show a horse yourself. These clinics were long over-due and greatly appreciated. We would also like to thank Mr. Phil Jackson and Dorothy Hunt for the work that they did. Let's have more of this next year!

Congratulations to all who worked for the successful training and showing of Morgan Horses at the Long View Farms Clinic. Dean and Virginia Caccamis and sons are friendly hosts with ability and experience in making many people feel welcome. Long View with the barns, shelters and pastures for some 40 Morgans and the indoor arena and outdoor ring made the setting for the second clinic under the skillful training and teaching by Joe Vanorio.

The Trail Ride at Brookfield, will be held Sept. 18 and 19. Brookfield is south of Utica, near Sangerfield. Yes, you are welcome even if you, (other members of your family, or an invited friend) do not ride a Morgan Horse on the ride. We wish to promote Morgans on the ride but if you ride a horse of another breed or pony, you will be welcome. You will be receiving information by mail on this ride. Marian Wright will be pleased to answer your questions.

A twelve month and one week pregnancy from Turnpike Lady Donna kept Mrs. Ann Knoll wondering for awhile and finalized into a lovely chestnut filly on May 2. The sire is Windcrest Flair.

Springvale Farms has been busy all year. Mary and family delivered a black filly, March 6, named Springervale Kristen (Applevale Donalect x Cherokee Maid). April 5, Springervale

Fanfare, a liver chestnut stud hit the ground. He is now sold to Tom Cowten, a young man who works at Springervale. He plans to raise and show him. Fanfare is by Donalect and Bald Mt. Fairydale. May 26, Springervale Kim arrived, a chestnut filly from Applevale Donalect x Ledgewood Pecora. Springervale Hiedi, a full sister yearling was sold to Kathleen Henebery, Newburgh, N. Y. Kathleen is 16 years old and this is her first Morgan which she is planning to raise and show.

Special attention should be given to the field day and clinic which was held at Springervale Farms. Ginny Mowers showed Applevale Cameo and Applevale Blythe in tandem hitch in training with Blythe in front in long lines and Cameo bringing up the rear under saddle. If just this method alone doesn't impress someone of the versatility and disposition of the Morgan, I'll miss my guess.
