

New York State

This handsome fellow is NYSMHS MISTER PRIDE (r.a.f.) by Oatka John Marshal x Broadwall Pattonesque, owned by Thomas Muchler of Hornell. This is the 1965 New York State Morgan Society 4-H Project Colt. (See our January-February 1965 issue, page 11).

At this point, dear reader, your reporter is pecking away at the news with eyes resembling brandied cherries. Seems the eldest child, namely Muriel Jr., graduated from high school and daddy and mommy rashly offered to help chaperone the ensuing festivities at the country club. Those unmitigated little sadists only broke up (literally) at 5:30 a.m. Just in time for us to stagger home and do chores. If anything is mislaid or garbled, simply address all letters to Miss Muriel Gordon. For this consideration I thank you all.

I am responsible for a boo-boo in the July issue — Sue Venier's foal was out of Winderest Frolic. Buddy's Princess is owned by the Vanderweels. The foal reports are still coming in. Mary Arnold has a filly by Ramona Tomahawk out of Lady Day.

Glen and Norm Hartwell from down in Dutchess Co. have the first foal from the sensational Bay State Gallant. This is a colt out of Lady Lila. The Boughtons of Troy (Pennyroyal Farm) are keeping me up on news in that area, for which I am most grateful. They have a June 21 filly from the 20 year old Triconga — her 14th! This girl is by Easter Twilight. Gene

and Ellen Gilfen of Medusa purchased old Vivian la Sociere from the Sandersons just in time to have her foal at home. Their chestnut colt is by Sealectman.

Last year John Collins lost his foal from Sher-A-Lynn. This year the news is good — a lovely bay filly sired by Winderest Gallant. Dorothy Bachman has a chestnut filly out of two National Champions! Georgina Twilight foaled to Orland Leader, and Dorthy says that she is definitely not for sale. Moro Hills Morita also has a colt from Allen's Major, foaled June 17.

Ruth Rogers writes of two foals, both by Sherimill Sunrise. Janet Kwitowski has a stallion from Roanoke Belynda, and the DeVerne Willey's also have a colt from Tibby Corbin. This one is the fourth from this cross, and according to reports the best one yet.

Winderest Gallant sired a filly by the Reppet's Jerrabell mare. This personable stallion of Flora Mewton's is doing himself proud with his typey foals. Also in Pine City, I understand that Ayelien Richards has a filly out of Mandates Peggy Lou and Black Sambo.

Mad River Morgans announce a chestnut filly from Bar T Lady Westwold and Bay State Admiral. Sylvia June has a colt by O-At-Ka Don Moro x Skylark Athena. The Mahoneys have a filly from Josiah's Lady Pat, and I believe she is sired by their Lippitt Moro Alert.

The David Longs of Delanson have purchased the nice, and well mannered black stallion, Oldwick Eli from Blue Spruce Farms, also a mare — more on this later.

Sherimill Stables and owners Ruth and Vincent Rogers recently played host to the Genesee Co. 4-H Light Horse Club. Twelve carloads of youngsters, all extremely well behaved spent two hours with the Morgans.

We have three new members to welcome this month. First, Benjamin Qua, with his well known stallion Bromley Easter Allen (Easter Twilight x Mignon). Ben's address is RD 2, Cambridge, N. Y. From the same vicinity comes Mr. William T. Beaty, Salem, N. Y. No horses listed. Mrs. Sylvia June, Box 165, Tully, N. Y. checks in with Grand's Sealect Thor, bay gelding. Also, Skylark Athena, chestnut mare, and her '65 colt by O-At-Ka Don Moro. We're glad

to have you with us, and please send in your news.

Bill Lutz of Rome and Oldwick Crusader are at it again. At the N.Y.S. Spring Exposition they took first in the Open class, Res. Ch. in the Model, and Grand Ch. in the Stake. Ruth Orcutt told Bill she guessed he'd have to buy a bigger hat after that — I suspect that 9½ will do. Anyhow, Bill took both the inflated dome and Crusader to the N.Y.S. Breeders Show and won 2nd in the Over Class, 1st in the 3-Gaited Morgan Class and Grand Championship of the whole works. Please send all outsize sombreros c/o Lutz, Rome, N. Y. The two year filly Sealecho is in harness training now, and U. C. Senorita has a colt by her side by Rep Pepper. According to Bill he is a livewire, and keeps them all on the go. Daughter Bonnie was badly injured last November when hit by a car, but she is on the road to recovery now, and hopes to ride Senorita at our October show. Best of luck to you, Bonnie — you'll make it for sure. Senorita is bred to Crusader for his first foal come '66. And, one last note — Bill just wrote that guess who took the Open and Res. Ch. in the Stake at Clinton. (Suggestions from correspondent — he could always try a babushka!)

Betsy Boughton of Troy writes that "Morgans are scarce as hens teeth in this area, however we have met 2 new Morgan owners, both discovered from reading of their purchases in the news items. Judy Koloski of West Sand Lake owns Hall Marc Hi Wind, a yearling stallion which she boarded all winter at Mary Hall's in Salisbury, Conn. Dr. Rudolph Colletti of Pitts-

town owns Royalton Emily Ash, a yearling filly which we have seen recently. She is lovely." I do hope that Betsy is recruiting these new owners too. The more the merrier.

Pat and Don Long, and twin sons, and Thelma and Ed Ruoff came down to see us recently. Our horses are currently roaming in a pasture which up to last year did for 30 cows. They surely do enjoy it, and we enjoy watching visitors looks of amazement when they see the foals peering out from beneath their pop's tail. Boney has been turned out with the mares, and loves his new found freedom. I find I can take him away, breed him to an outside mare, and return him to his family without even a squeak from him. We also go to the pasture and ride any and all bareback, and its hard to tell that we have a stallion in the lot. This is why the Gordon family has Morgan horses, and I believe that all things considered, this is what sells them to the average prospective buyer!
