
Margaret (Peg) Flint - age 68 for an AMHA
Master's Certificate:

Peg Flint has owned Morgans for 17 years and is the owner of Briggs Run Morgans which is a small breeding and training farm in Fonda, New York. She has worked with an area Girl Scout troop, to assist them in earning Equine Merit Badges, and has had numerous home school groups visit the farm to see first hand how to care and train horses. It has proven to be an excellent means to show the versatility and tractability of the Morgan Horse.

Peg is an active member of the New York State Morgan Horse Society where she has served as an Eastern District Director for six years and is currently the Promotion Chair for the club. She also chaired numerous clinics and events to promote Morgans in New York State including the booth at Dressage at Saratoga. The three day Open Horse Show that Peg has chaired for the past six years has grown in entries and profitability each year under her direction. This show offers Morgan and Open classes and is a wonderful promotional opportunity in educating non-Morgan owners and spectators about Morgans.

Peg celebrated her 50th wedding anniversary in 1998 and is the mother of seven children and eighteen grandchildren. She has found Morgans to be great family horses and has had three generations of her family learn to ride, love and care for Morgans.
