

DEAR Mary,

Sorry to be so long in answering.  
It'll be nice to have Marshal honored  
and thank-you for taking the time & effort  
to do it.

Other than my ~~mare~~, Lilly Belle, I  
think Marshal was my favorite of our  
Morgans. He was also the longest-lived  
of them to my knowledge. I remember  
Marshal mostly from ~~1975~~ 1975 or so  
when I took him (at age 28 or 29)  
to live in the Catskills. Although he  
had bouts of colic - which finally  
killed him - he was very active  
until he died. His personality was  
amazing for a stallion. In fact, I  
often called him "Marshmallow", yet  
I remember him still being interested  
in the mares right up to his  
death! We trusted him with young  
children but he could be a handful  
around more experienced handlers. He  
never bit or even offered to, nor  
was he a "kicker" - a real Morgan  
gentleman - in the old sense of the  
word. I know you'll have the information

2 about sons & daughters. I  
remember him mostly as  
a family pet.

I have no Morgans now.  
The last 2, O-at-ka Caroline  
and O-at-ka Evelyn Muro were  
sold in 1994 to Paul Robinson  
of Worcester, Ny. I miss them  
but it was time ...

Best to you-

Nancy
